TRYOUTS

ICE TRYOUT EVALUATION CRITERIA

- Tumbling Difficulty
- Tumbling Execution
- Athleticism
- Willingness to accept instruction
- Stunting Position (Flyer, Base, Backspot)
- Jump Technique
- Overall attitude and attendance from the past season *(if applicable)*

Team placement sessions are essentially low-stress workouts. During the workouts, athletes show skills they have already developed and demonstrate potential to learn new skills. Athletes are given numerous opportunities to show skills over multiple days.

After the final session of placements, the staff assembles rosters for the upcoming season. We offer multiple evaluation sessions. We strongly prefer athletes attend both days within the session selected.

TRYOUT CHECKLIST

We look forward to working with you at one of our upcoming tryouts. Be sure to arrive with these items already completed or turned in by due date to receive discounted fee.

TEAM PLACEMENTS

TEAM PLACEMENT MEETING

Teams will be revealed with an email announcement as well as a team banner/video. Practices will begin the 1st week of June (depending on which weekday your team meets). Please note, tryout placements are not finalized until August. Athletes who do not keep skills performed at tryouts may be moved to a different team in August. Those who show marked improvement may be moved up a level. We do our best to place our athletes on correct teams at tryouts, but skills must be maintained in order to stay on teams.

If you are having difficulty making it to a tryout, you may also arrange to have a private evaluation. These are typically either 1 on 1 or in a small group with a staff member. Please note that there is a fairly substantial additional charge for doing your evaluation outside of the regular sessions.

PRACTICES / ATTENDANCE

All teams will have a set two days per week practice schedule. During the summer, teams will practice twice during the week. Once school begins, the fall schedule will start with the majority of teams moving to one practice during the week and another on the weekend. Practice times usually remain consistent throughout the season and are only changed under special circumstances.

During important times of the season, additional practices may be scheduled. These practices are typically scheduled up to two weeks in advance and all athletes are expected to attend.

Never cheered before? No Worries! We are willing to work with any athlete that has the willingness to learn! Before considering this or any program, please consider the financial commitment involved. ICE has the finest staff and the most state-of-the-art facilities in our sport. We are as open and up- front with our costs as possible. We have comprehensive monthly pricing that covers most of the expenses throughout the year. There are 11 monthly charges from June 2022 - April 2023. **Tuition will be due on the 1st of each month between June and April.**

This price covers tuition, competition fees, choreography/music and does not fluctuate from month-to-month. Rather than raising and lowering tuition based on the number of practices or events (or other factors), this cost averaging system makes financial planning much easier for our customers. Although others may advertise lower rates, ICE's overall value per dollar is highly competitive. Athletes who join a team after the initial practices will have to pay a significant portion of their missed tuition in order to "catch up" on some of the items that are spread out over the entire season. Cost may vary depending on team and commitment level. Some teams will stay locally, while others will compete farther away.

ICE offers 7 levels for our full travel teams. The "level" refers to the type of stunts, pyramids, and tumbling that the team can safely perform. Levels are numbered 1-7 based on difficulty. The level is determined solely by the coaching staff. Level appropriate skill lists can be found through USASF.
